Imagine a Day Without Water

October 23, 2019

Imagine a day with no water! No water to shower, flush the toilet, or do laundry. Hospitals would close without water. Firefighters couldn't put out fires and farmers couldn't water their crops. There would be no Starbucks!

Essential. Reliable. Invaluable. Water—it's the thread that weaves together our daily lives. It keeps our communities healthy, our cities running, and our economies growing. While essential, water infrastructure is largely invisible. Few people realize what it takes to treat and deliver drinking water every day. The high quality of life we enjoy in America would not be possible without water and the infrastructure that supplies it. Help us celebrate this day by visiting www.thevalueofwater.org to learn more about this precious resource we all need to survive.

Meter Exchange Program

District personnel is in the process of exchanging old SRII meters with new iPERL Smart Meter technology per the District's Meter Exchange Program. The District is being pro-active in exchanging these meters prior to them failing. There is no fee for the new meter and water service will only be interrupted for a short period during the exchange.

Smart meters capture daily usage, enabling the operators an ability to retrieve useful data in trouble shooting leaks.

With no moving parts, lead-free iPERL Smart Meters are projected to have a 20-year life. These meters improve operational efficiency and customer service.

Income Survey

The District has entered into an agreement with RCAC to conduct an Income Survey of its customers. The purpose of this survey is to establish a median household income which will then be used to explore funding options for upcoming capital projects. Additional information with more details will be provided in the near future.

Warm Coats from Warm Hearts

COAT DRIVE 2019

Although our afternoons may still be warm, winter is approaching. Please join us in helping others stay warm this winter, especially our not so fortunate children! We will be accepting new/used, child/adult coats, mittens, scarves and beanies. Donations can be dropped off at the District office Monday through Friday from **8 am to noon and 1 pm to 5 pm** from October 1st thru December 31st. We will deliver these items to the Good News Rescue Mission. Thank you for helping us spread the warmth!

Remember to slow down on Halloween, October 31st, for trick-or-treaters. If you are going to be out trick-or-treating, be sure to carry a flashlight and wear reflective costumes. Stay on the sidewalk and only cross at corners. Walk don't run and be sure to check all candy thoroughly and discard all questionable pieces.

Have fun and be safe!

Grant School's Harvest Festival

October 26th

From 12:00 pm to 4:00 pm.

Don't miss all the fun at Grant School's Harvest Festival. This year's event includes a Haunted House, Petting Zoo and Silent Auction!

Featured games include Guessing Jars, Cake Walk, Wheel of Fortune, and some new toddler activities.

Don't forget to bring your Halloween bag!!!

It's Time to Winterize!

Home Winterizing Tips...

- * Clear your gutters of leaves and debris.
- * Have your chimney inspected and cleaned.
- * Have your furnace inspected.
- * Clear leaves and brush from underneath trees and shrubbery.

Car Winterizing Tips...

- * Install new windshield wipers.
- * Check to see that your tires are in good condition and that the air pressure is correct.
- * Clean the lenses of your headlights.

Average Water Usage

Compare the usage on your water bill with the average of the District.

September's Average: 6,200 cubic - feet.

SCHEDULED BOARD MEETINGS:

The next scheduled Board of Director's Meeting will be held Wednesday, October 16th at 7:00 pm, at the District Office.

The public is always welcome.
